

health. information. pharmacy.

Heath Information Pharmacy Pty Ltd is a publicly listed company on the Australian Stock Exchange it operates over 30 pharmacies in NSW, QLD and Victoria. In 2006 we decided as a company to redevelop our image including branding and store fit out.

We tended some eight stores to be re-fitted, Instyle Solution Pty Ltd where successful in winning the first tender and since then have demonstrated to us they are company that is honest and reliable and we regard them as a strong business partner. Tony Younis is the Managing Director and is proactive on every re- fit ensuring that only quality workmanship finished on time and always on budget.

I would recommend Instyle Solution Pty Ltd if you are looking for quality workmanship on time and on budget.

Kind regards,

Brian Taylor
